

## **Beaver Bank Community Policing Volunteer Association Celebrate 15 Years!**

On November 4th, 2010 the volunteers of Beaver Bank Community Policing Office reached a significant milestone and celebrated 15 years of service to Beaver Bank Kinsac.

Over the years, there have been many changes in RCMP Community Policing and through it all, the volunteers have always rallied and continued to serve. 15 years shows a true commitment for the betterment and safety of the community.

The celebration occurred in the Library of Harold T. Barrett School since HTB has graciously provided the temporary location for the Community Policing Office since the fire at the BBK Community Center. The volunteers and invited guests enjoyed a historical look back at contributions and events that the volunteers have been involved in with pictures and documents. There was also opportunity to view the plans for the new BBKCC and where the new Community Policing Office will be situated in the building.

Attending the event were the volunteers, and other partnering groups and agencies that have been involved with the Community Policing Office over the years. An official cake cutting was done with Ginny Lively, Community Policing Officer Manager and Cst. Dawn Duhart, the newest Community Policing Coordinator for Beaver Bank/Fall River.

A certificate presentation was made by District 2 Councillor Barry Dalrymple on behalf of the Mayor and HRM Council, to Chairman Rick Nursey for the "significant and dedicated service of 15 years to the community." Superintendent Darrell Beaton, Officer in Charge of Halifax District RCMP also presented a certification of Achievement to the Association for "recognition of 15 years of dedicated service to the community."

A very special thank you to all that attended and celebrated this milestone and congratulations on 15 years of volunteering in the community!
